### DETAILED ACTION

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-8 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Vaughn.

The patent to Vaughn discloses a vehicle control system with GPS tracking 36 and heading sensor 22 and speed sensor 24 that are compared to database 42 to define the position and road that a vehicle is on and the speed limit is determined and engine computer 16 controls engine 14 to lower the speed of the vehicle to the max. posted speed limit.
